Our vision is for a new era of humanitarian action. We want to see a new humanitarian system that can save more lives. Our mission is to drive and catalyse the change that is urgently needed in the global aid system.

## Criteria

## Criteria

This is a Participation-Based Certificate which recognises the completion of an e-learning course. Estimated effort to complete this course is 60-90 minutes, including a final formative assessment to revisit the learning.

### Anticipated Learning Outcomes

- Know that crisis anticipation is a proactive approach to addressing humanitarian crises
- Explain the benefits of anticipating a crisis and raising an alert before the crisis occurs
- Describe the stages of the Crisis Anticipation Alert Cycle
- Compare an anticipation alert to the standard Start Fund alert
- List the types of eligible situations for an anticipation alert
- Identify sources of data and information needed to inform decisions concerning raising an alert
- Explain how AA Grants support the crisis anticipation process
- Provide examples of appropriate activities that can form part of crisis anticipation action
- Find further resources about crisis anticipation (including about systems forecasting)
